This is the exact opposite of what most romances are made of... Riley is the beautiful, wealthy, successful heroine that falls in love with the "ordinary" outlaw biker and hacker Bart.

The Signal Bend story was censored for the movie in the plot, and the MC world within LA has a softened lens on it as far as the outside world can see. A very poignant way of saying there's a lot more going on with this world than people see (or want to see).

Infused with the hungers and aspirations of three generations of Southerners, this breathtaking story of two families bound, then embittered, by the immoderate passions of a young woman and her older lover, is the first book in Price's masterful trilogy.

Eastern Kentucky, 1937. After the death of her husband, Ada Donovan returned home to live again with her aging parents. She does all she can to help them keep the small family farm going. But times are hard, and there's never enough. During one of her infrequent visits to town, she sees a help-wanted notice for the Pack Horse Librarian Project, seeking librarians to ride up high in the mountains and bring books to the people there. Before her marriage, Ada was a teacher, and the thought of returning to the work she loved is impossible to resist. The mountains are her favorite place, books are her great joy, and her horse is her best friend. But not everyone on the mountain is happy to see her. Living in a crumbing cabin at the highest, most isolated point of Ada's route, there's a family that catches her attention. The father keeps to the shadows. There is no mother to dote on the happy, curious children. But soon Ada comes to love them just as fiercely as the woman they lost. And makes it her mission to bring them the world.

The Night Horde was once sure of their place in this world. Now, following a harrowing confrontation with the vicious leader of a notorious drug cartel, they are weakened in body and spirit, and they no longer have the unwavering support of the citizens of Signal Bend. They must fight to reclaim the goodwill of their town and their own sense of purpose. Justin "Badger" Ness is struggling both physically and mentally with the price he paid for his place in the brotherhood of the Night Horde. That which gives him the most strength is becoming his personal demon. He is in danger of losing sight of what is good and real in the world. Adrienne Renard is lost between the life she thought she wanted and an endless world of possibilities. The stepdaughter of Showdown Ryan, the club VP, comes to Signal Bend out of concern for her friend, worried about Badger's increasing distance, but she stays to find her own place in a life she never knew she wanted. Together Badger and Adrienne learn that trust in each other and in themselves is where strength truly lies. Without trust, there can be no atonement, no forgiveness. It's a lesson the Night Horde and the town of Signal Bend must learn, as well. Leave a Trail is the final volume in the Signal Bend Series. It is a story of struggle and recovery, of loss and gain, of hope and perseverance, and of the abiding power of real love. Also included in this volume: The True Seed, a novella and epilogue to Leave a Trail and to the Signal Bend Series itself. Note: explicit sex and violence.

Signal Bend, Missouri and the Night Horde MC gained notoriety after a shootout on Main Street brought down major players in the Midwest meth trade. The media have turned the Horde into folk heroes, and Hollywood wants a piece of that action. Riley Chase is America's Sweetheart, with a starring role on a popular television series, and now she's the lead actress in the movie about Signal Bend. In Hollywood she's hounded by the press, without the luxury of privacy or secrets, forced to play out her most intimate moments, even tragic ones, on a public stage. In Signal Bend, she's nearly anonymous, able to discover who she is behind her image. Bart Elstad is the Horde Intelligence Officer. His responsibility is to keep the club's secrets buried, especially while the world is looking their way with a long distance lens. He's in charge of the actors while they're in town to research their roles. Bart and Riley forge a quick but intense connection. A casual connection without expectations soon deepens, far more than either of them could have predicted. He sees the woman behind the starshine. She sees the man under the leather. Two very different worlds merge for a brief moment, but reality can't be suspended forever. Chaos breaks loose both within and beyond the club. Tensions that have been simmering boil over, with catastrophic consequences. The Horde's most powerful allies, concerned that their secrets might be exposed in the spotlight of fame, become dangerous enemies. Riley gets caught in the middle. With the future of the Horde in the balance, Bart makes a sacrifice that will change the club, and his life, forever. Note: Explicit sex and violence.

Loneliness is all that Brenna has ever known. She doesn't expect that she will ever even know true companionship, let alone love. People say she was born with the mark of Odin, but Brenna feels it as a curse rather than a blessing. Those who would tell her she is favored by the Allfather are too afraid to look on her; she is apart from her people. Yet she has learned the power of her difference, and turned it to her advantage. She is a shieldmaiden, with a legendary reputation for her valor as well as for her godly gift. Vali is a giant among his people, well-liked and respected. He is of the Úlfh é ðnar, a berserker, one of Odin's own elite warriors, and one of the fiercest and bravest warriors to wield an axe or spear. He is the Storm-Wolf; his strength and ferocity are his gifts from the Allfather. Fortune threw the two warriors together when they were but children. Fate brings them together again as warriors when two jarls ally for a raid into Eastland. Again and again, Vali seeks Brenna out. He sees her; he sees the woman behind the whispers. More than that, he will not look away. Vali has not forgotten the debt he owes Brenna from their very first meeting, and in seeking his opportunity to repay her, he finds a lonely, beautiful woman whose quiet strength captures his heart. But the sagas do not sing of warriors who live quiet lives, or of love that does not know trial and tribulation. Favored by the gods they may be, but that does not protect Brenna and Vali from the simple and devastating hardships of their lives. Their reputations cannot help them. It is their love that must become their legend. Note: Explicit sex and violence

Tulsa, Oklahoma, 1995. Conrad "Radical" Jessup, Sergeant at Arms of the Brazen Bulls Motorcycle Club, has life just about where he wants it: he's free of a bad marriage, and his club is cruising along healthy and strong, their business relationships as solid as their brotherhood. He's a contented man, riding his road at his speed. Until a massive highway wreck brings a blonde on a little sportster crashing into his life. Willa Randall is making a new life in Tulsa, working hard to put a demolished past in her rearview mirror. Trying to keep herself safe, she's built a life insulated by locks and walls. Inside those walls, she's alone, but she feels secure, and that's enough. Until a big, tattooed biker holds out his hand and helps her up from the pavement. A love seeded in chaos grows fast and deep. But when chaos is a constant, can any love endure? Note: explicit sex and violence.
