### 25 Sports Argumentative Essay Topics - The Grueling Truth

Persuasive essays are a bit like argument essays and persuasive speeches, but they tend to be a little kinder and gentler. Argument essays require you to discuss and to attack an alternate view, while persuasive essays are attempts to convince the reader that you have a believable argument. In other words, you are an advocate, not an adversary.

### 100 Most Effective Debatable Argumentative Essay Topics to ...

An argumentative paper is a part of the persuasion. It has to state the main point, thesis statement, and defend it throughout the paper while an essay on the good persuasive speech topics must prove the truth of the author to the target audience. The reader should take the author's side by the end of the reading.

Explores the homogenization of American culture and the impact of the fast food industry on modern-day health, economy, politics, popular culture, entertainment, and food production.

Understanding and Evaluating Research: A Critical Guide aims to sensitize students to the necessity of learning how not to defer to the mysterious authority of the experts, but rather to learn how to be a critical consumer of others' research, and to gain confidence in their ability to be producers of research. Sue McGregor shows students how to be research literate, and how to find, critique and apply other people's scholarship. This textbook is grounded in a solid understanding of the prevailing research methodologies for creating new knowledge (philosophical underpinnings), which in turn dictate problem posing, theory selection, and research methods (tasks for sampling, collecting and analyzing data, and reporting results).

Presents a list of topics for student research projects, with symbols indicating the level of difficulty and likelihood of finding materials in the library.

Frankenstein; or, The Modern Prometheus is a novel written by the British author Mary Shelley. The first edition was published anonymously in London in 1818, and Shelley's name appeared on the revised third edition, published in 1831. The title of the novel refers to the scientist, Victor Frankenstein, who learns how to create life and creates a being in the likeness of man, but larger than average and more powerful. In modern popular culture, people have tended to refer to the Creature as "Frankenstein" (especially in films since 1931), despite this being the name of the scientist, and the creature being unnamed in the book itself. Frankenstein is a novel infused with elements of the Gothic novel and the Romantic movement. It was also a warning against the "over-reaching" of modern man and the Industrial Revolution, alluded to in the novel's subtitle, The Modern Prometheus. The story has had an influence across literature and popular culture and spawned a complete genre of horror stories and films. It is arguably considered the first fully-realised science fiction novel and raises many issues still relevant to today's society.
