Two Trains Running Summary - eNotes.com

The seventh play is August Wilson's Pittsburgh Cycle, Two Trains Running takes place in a restaurant run by a man named Memphis Lee. It is the 1960s, and the neighborhood is about to go through major economic development and gentrification. While we see a lot of the same themes as in August's earlier works (surrounding race, oppression, identity), we see how those themes are filtered through a more modern world that is in the midst of the Civil Rights Movement.

Review: Two Trains Running (Royal and Derngate) | WhatsOnStage

August Wilson (April 27, 1945 - October 2, 2005) authored Gem of the Ocean, Joe Turner's Come and Gone, Ma Rainey's Black Bottom, The Piano Lesson, Seven Guitars, Fences, Two Trains Running, Jitney, King Hedley II and Radio Golf.

From the Pulitzer Prize-winning author of Fences and The Piano Lesson comes a "vivid and uplifting" (Time) play about unsung men and women who are anything but ordinary. August Wilson established himself as one of our most distinguished playwrights with his insightful, probing, and evocative portraits of Black America and the African American experience in the twentieth century. With the mesmerizing Two Trains Running, he crafted what Time magazine called "his most mature work to date." It is Pittsburgh, 1969, and the regulars of Memphis Lee's restaurant are struggling to cope with the turbulence of a world that is changing rapidly around them and fighting back when they can. The diner is scheduled to be torn down, a casualty of the city's renovation project that is sweeping away the buildings of a community, but not its spirit. For just as sure as an inexorable future looms right around the corner, these people of "loud voices and big hearts" continue to search, to father, to persevere, to hope. With compassion, humor, and a superb sense of place and time, Wilson paints a vivid portrait of everyday lives in the shadow of great events.

Regular cabs will not travel to the Pittsburgh Hill District of the 1970s, and so the residents turn to each other. Jitney dramatizes the lives of men hustling to make a living as jitneys—unofficial, unlicensed taxi cab drivers. When the boss Becker's son returns from prison, violence threatens to erupt. What makes this play remarkable is not the plot; Jitney is Wilson at his most real—the words these men use and the stories they tell form a true slice of life."—The Wikipedia entry, accessed 5/22/2014.

Pulitzer Prize-winning author of Fences and The Piano Lesson Winner of the New York Drama Critics Circle Award for Best Play It is the spring of 1948. In the still cool evenings of Pittsburgh's Hill district, familiar sounds fill the air. A rooster crows. Screen doors slam. The laughter of friends gathered for a backyard card game rises just above the wail of a mother who has lost her son. And there's the sound of the blues, played and sung by young men and women with little more than a guitar in their hands and a dream in their hearts. August Wilson's Seven Guitars is the sixth chapter in his continuing theatrical saga that explores the hope, heartbeat, and heritage of the African-American experience in the twentieth century. The story follows a small group of friends who gather following the untimely death of Floyd "Schoolboy" Barton, a local blues guitarist on the edge of stardom. Together, they reminisce about his short life and discover the unspoken passions and undying spirit that live within each of them.

August Wilson's radical and provocative call to arms.

Finalist! 1992 Pulitzer Prize in Drama This is the 1960s chapter of the Pulitzer Prize winning playwright's decade by decade saga of ordinary African Americans in this turbulent century. It takes place in Memphis Lee's coffee shop in a Pittsburgh neighborhood that is on the brink of economic development. Focus is on the characters who hang out there: a local sage, an elderly man who imparts the secrets of life as learned from a 322 year old sage, an ex con, a numbers runner, a laconic waitress who slashed her legs to keep men away, and a retarded man who was once cheated out of a ham. With Chekhovian obliqueness, the author reveals simple truths, hopes and dreams, creating a microcosm of an era and a community on the brink of change.

One of America's most powerful and original dramatists, August Wilson offered an alternative history of the twentieth century, as seen from the perspective of black Americans. He celebrated the lives of those seemingly pushed to the margins of national life, but who were simultaneously protagonists of their own drama and evidence of a vital and compelling community. Decade by decade, he told the story of a people with a distinctive history who forged their own future, aware of their roots in another time and place, but doing something more than just survive. Wilson deliberately addressed black America, but in doing so discovered an international audience. Alongside chapters addressing Wilson's life and career, and the wider context of his plays, this Companion dedicates individual chapters to each play in his ten-play cycle, which are ordered chronologically, demonstrating Wilson's notion of an unfolding history of the twentieth century.

Just prior to his death in 2005, August Wilson, arguably the most important American playwright of the last quarter-century, completed an ambitious cycle of ten plays, each set in a different decade of the twentieth century. Known as the Twentieth-Century Cycle or the Pittsburgh Cycle, the plays, which portrayed the struggles of African-Americans, won two Pulitzer Prizes for Drama, a Tony Award for Best Play, and seven New York Drama Critics Circle Awards. August Wilson: Completing the Twentieth-Century Cycle is the first volume devoted to the last five plays of the cycle individually—Jitney,Seven Guitars, King Hedley II, Gem of the Ocean, and Radio Golf—and in the context of Wilson's entire body of work. Editor Alan Nadel's May All Your Fences Have Gates: Essays on the Drama of August Wilson, a work Henry Louis Gates called definitive, focused on the first five plays of Wilson's cycle. This new collection examines from myriad perspectives the way Wilson's final works give shape and focus to his complete dramatic opus. It contains an outstanding and diverse array of discussions from leading Wilson scholars and literary critics. Together, the essays in Nadel's two volumes give Wilson's work the breadth of analysis and understanding that this major figure of American drama merits. From the Pulitzer Prize-winning author of Fences comes Joe Turner's Come and Gone—Winner of the New York Drama Critics Circle Award for Best Play. "The glow accompanying August Wilson's place in contemporary American theater is fixed."—Toni Morrison When Harold Loomis arrives at a black Pittsburgh boardinghouse after seven years' impressed labor on Joe Turner's chain gang, he is a free man—in body. But the scars of his enslavement and a sense of inescapable alienation oppress his spirit still, and the seemingly hospitable rooming house seethes with tension and distrust in the presence of this tormented stranger. Loomis is looking for the wife he left behind, believing that she can help him reclaim his old identity. But through his encounters with the other residents he begins to realize that what he really seeks is his rightful place in a new world—and it will take more than the skill of the local "People Finder" to discover it. This jazz-influenced drama is a moving narrative of African-American experience in the 20th century.
