Beyond the conclusive perspectives on the
contradiction between nationalism and globalization,
there are also those that focus on globalization's
differential impact, i.e., the way in which it influences
different segments of society in different ways. While

~~SAGE Books | Globalization: Social Theory and Global Culture~~

Cultural globalization refers to the cultural dimension of globalization, distinguished from economic and political dimensions. But these three dimensions of globalization are so closely connected that understanding one dimension requires consideration of others. Cultural globalization has a long history which goes back to the era before the modern.

~~GLOBALIZATION, NATIONALISM, AND REGIONALIZATION: THE CASE ...~~

When we think of the globalization of culture, we tend to think of the consumption of cultural goods produced in the West and the effects of these goods on the values and practices of non-Western consumers. The literature on the globalization of culture also tends to focus on how Western markets for non-Western cultural goods affect patterns of

Naturally, this focus on markets tends to draw our
theoretical interest toward questions of capitalism.

~~Globalization, Universalism, and Cultural Form ...~~

Cultural globalization refers to the transmission of ideas, meanings, and values around the world in such a way as to extend and intensify social relations. This process is marked by the common consumption of cultures that have been diffused by the Internet, popular culture media, and international travel. This has added to processes of commodity exchange and colonization which have a longer history of carrying cultural meaning around the globe. The circulation of cultures enables individuals to
