Test Bank for Health Psychology, 2nd Canadian Edition : Taylor

The rise of health psychology can be tied to several factors, including the increase in chronic or lifestyle-related illnesses, the expanding role of health care in the economy, the realization that psychological and social factors contribute to health and illness, the demonstrated importance of psychological interventions to improving people's health, and the rigorous methodological ...

Health Psychology - SILO.PUB

Health psychology is a diverse field that has grown quickly in the last 30 years, now including major focuses on improving our health care system, caring for our aging population (boomers), and the behavioural components and risk factors for disease prevention and health promotion. Shelley Taylor and Fuschia Sirois have written a book that presents the best of past, present, and future research in a format that is
