The Kenmore® Intuition® uses a large capacity 5-ply HEPA certified bag. As the flagship of Kenmore's canister vacuum lineup, the Intuition 28014 (MSRP \$599) doesn't get any breaks. It's not visually distinctive from its lower-priced counterparts, and the differences are limited to a trick floor brush and electronic controls. Those are nice touches, but they don't help improve the vacuum's core performance.

House cleaning has been an innate human activity forever but only since the early 19th century have mechanical devices replaced the physical labor (performed mostly by women). Mechanical carpet sweepers were replaced by manual suction cleaners, which in turn were replaced by electric vacuum cleaners in the early 20th century. Innovative inventors, who improved vacuum cleaners as electricity became commonly available, made these advances possible. Many early manufacturers failed, but some, such as Bissell, Hoover, Eureka and others, became household names as they competed for global dominance with improved features, performance and appearance. This book describes the fascinating people who made this possible, as well as the economic, cultural and technological contexts of their times. From obscure beginnings 200 years ago, vacuum cleaners have become an integral part of modern household culture.

This book is a must for all home occupants as well as perfect for those contemplating moving to or purchasing a property.

"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." –an excerpt

From the critically acclaimed author of The Young Wives Club, a “heartwarming story about friendship, heartache, and self-discovery” (Karen White, New York Times bestselling author), comes a charming novel reminiscent of the works of Mary Alice Monroe and Kristy Woodson Harvey, about three sisters who win a huge lottery prize and learn what it truly means to be lucky. Lexi, Callie, and Hanna Breaux grew up in small-town Louisiana, and have always struggled to make ends meet. For years, they’ve been playing the lottery, fantasizing about how much better life would be if they had the money. For Lexi, it means the perfect wedding; for Callie, it means having the courage to go after her career dreams; and for Hanna, it means buying a house that isn’t falling apart and sending her bullied son to private school. When the incredible happens and the Breaux sisters hit it big—\$204 million dollars big—all their dreams come true. Or so they think. Because it’s actually not a cliché—money isn’t the answer to everything, and it often comes with problems of its own. Heartfelt, engaging, and featuring characters you’ll root for from the first moment you meet them, Louisiana Lucky is a satisfying page-turner from a rising star in women’s fiction.

Toulouse, Louisiana. Laura Landry's quarterback husband was her ticket out, but after a devastating football injury Brian starts drinking instead of rehabbing his knee. Madison Blanchette waited for bad-boy musician Cash Romero to commit; when wealthy George Dubois asks her out, she figures she may as well wait in style. Claire Thibodeaux doesn't want to end up like her single parent mom, but as her pastor husband Gavin starts spending late nights at work she fears history is about to repeat itself. Gabrielle Vaughn never thought she'd end up with someone like Tony Ford, son of a prominent congressman, but how do you tell the love of your life that everything she told him was a lie? Four women... and no easy answers in matters of the heart.

Mary Hunt is a self-avowed reformed spendthrift and credit-card junkie. When she and her family of four found themselves \$100,000 in debt and her husband suddenly lost his job, it was time to tighten the belt. Refusing to sacrifice her quality of life, Ms. Hunt systematically put to work every tip, trick and technique to turn her financial disaster around. Translating that experience into her immensely popular newsletter, The Cheapskate Monthly, Ms. Hunt now tells you all you need to know to turn your own finances around for good. Filled with first-person accounts, recipes, formulas, budgeting and recycling tips, reader response and encouragement, The Best of the Cheapskate Monthly is a necessity for the '90s.

Appearances · The Art of Class is an examination of the subtle refinements which make one an elitist.

Middle-aged, overweight, and acrophobic newspaper editor Tom Ryan and a little dog named Atticus M. Finch are an unlikely pair of mountaineers—but after a close friend dies of cancer, the two pay tribute to her by attempting to climb all forty-eight of New Hampshire's four-thousand-foot peaks twice in one winter while raising money for charity. In a rare test of endurance, Tom and Atticus set out on an adventure of a lifetime that takes them across hundreds of miles and deep into an enchanting but dangerous winter wonderland. An unforgettable saga of adventure, friendship, and the unlikeliest of family, Following Atticus is an inspiring tale of finding love and discovering your true self.
