Wireless-G - Linksys

The Linksys WRT54G Wireless-G Broadband Router is a 3-in-1 residential gateway device. It acts as a wireless access point which lets you connect your wireless computers and devices to it without using wires. It also

Access Free Linksys

serves as a built-in
4-port full-duplex
10/100 switch to
connect your wired
devices to it using
Ethernet cables.

Lifewire*

Linksys WRT54G

Wireless G Router, is a simple and convenient router that works very well with computers through either a wired connection, or through a wireless card sold separately in the stores.

The setup is very easy to

Access Free Linksys

use, but it connects through an ethernet cable rather than a USB cable.
