Ocean poems can not only be dedicated to capturing the heart of sea, but to metaphors for love and trauma, among many other things. More than that, the ocean has played a role in the history of many cultures, making it a setting that is both intimately personal, and vastly universal.

Unsurprisingly then, poetry about the ocean takes many shapes.

Poem by William Wordsworth.
Autoplay next video. The sun is couched, the sea-fowl gone to rest, And the wild storm hath somewhere found a nest; Air slumbers--wave with wave no longer strives, Only a heaving of the deep survives, A tell-tale motion! soon will it be laid, And by the tide alone the water swayed.

In a strange city lying
alone. Far down within the
dim West, Where the good and
the bad and the worst and
the best. Have gone to their
eternal rest. There shrines
and palaces and towers.

(Time-eaten towers that
tremble not!) Resemble
nothing that is ours.

Around, by lifting winds
forgot, Resignedly beneath
the sky.

Sea Fever. By John
Masefield. I must go down to
the seas again, to the
lonely sea and the sky, And
all I ask is a tall ship and
a star to steer her by, And
the wheel's kick and the
wind's song and the white
sail's shaking, And a gray
mist on the sea's face, and
a gray dawn breaking. Read

Poems about Beaches and Experiencing Nature. Spending time at the beach is part of summer vacations for many people. There's nothing else like building in the sand, jumping in the waves, and soaking up the sun. Looking out at the vast ocean has beauty all its own. Capturing the sun rising and setting off the horizon is a favorite beach ...

~~Bennett — Goodreads~~

Just when I have given up all hope, a wave retires and leaves me sprawling like a star-fish on the sand, and I get up and look back and find that I've been swimming for my life in two feet of water. I hop back and dress, and crawl home, where I have to pretend I liked it." — Jerome K. Jerome, *Three Men in a Boat*.
