Step7 does not handle large blocks very well. When you get over 3kb the online performance is terrible. So I separate my program logic into chunks spread across several FC's. So

Online Library Siemens S7 Plc

And for one machine I might have 5-8 FC's and use one DB for the entire machine. Here's another reason to use FC's for machine control vs. FB's:

~~Difference between FB and FC's - Industry Support Siemens~~
This application note describes how to set
