0.73% per year.

Shifting cultivation is one of the oldest forms of subsistence agriculture and is still practised by millions of poor people in the tropics. Typically it

Read PDF Sri Lanka Land

involves clearing land (often forest) for the growing of crops for a few years, and then moving on to new sites, leaving the earlier ground fallow to regain its soil fertility. This book brings together the best of science and farmer experimentation, vividly illustrating the enormous diversity of shifting cultivation systems as

Read PDF Sri Lanka Land

well as the power of human ingenuity. Some critics have tended to disparage shifting cultivation (sometimes called 'swidden cultivation' or 'slash-and-burn agriculture') as unsustainable due to its supposed role in deforestation and land degradation. However, the book shows that such indigenous practices, as

Read PDF Sri Lanka Land

they have evolved over time, can be highly adaptive to land and ecology. In contrast, 'scientific' agricultural solutions imposed from outside can be far more damaging to the environment and local communities. The book focuses on successful agricultural strategies of upland farmers, particularly in south and

In her innovative study of human rights discourse, Lena Khor takes up the prevailing concern by scholars who charge that the globalization of human rights discourse is

Read PDF Sri Lanka Land

People And Economy

becoming yet another form of cultural, legal, and political imperialism imposed from above by an international human rights regime based in the Global North. To counter these charges, she argues for a paradigmatic shift away from human rights as a hegemonic, immutable, and ill-defined entity toward one that

Read PDF Sri Lanka Land

recognizes human rights as a social construct comprised of language and of language use. She proposes a new theoretical framework based on a global discourse network of human rights, supporting her model with case studies that examine the words and actions of witnesses to genocide (Paul Rusesabagina) and
