The Mammoth Book of The Best of Best New Erotica - Kindle ...

I've reviewed the other 'Mammoth Book of Best (fill in the blank) Comics' and had varying degrees of reservations about them all, usually to do with the word 'Best' in title, and that usually because the selections weren't genuinely inclusive, often, I surmise, because the compiler couldn't afford the reprint rights.

The Mammoth Book of Best New Horror Book Series

The Year's Best Science Fiction was a series of science fiction anthologies edited by American Gardner Dozois until his death in 2018. The series, which is unrelated to the similarly titled and themed Year's Best SF, was published by St. Martin's Griffin. The collections were produced annually for 35 years starting in 1984. In the UK, the series was titled The Mammoth Book Of Best New Science Fiction and published by Robinson. The Fourth Annual Collection in the US, in 1987, became the first boo

The Year's Best Science Fiction - Wikipedia

Representing erotic writing from six continents and thus providing sexy and sexual adventures of a global scope, the stories in the Mammoth Book of Best New Erotica nonetheless share a standard of...

Bringing together the finest names in comic book horror, this volume features nearly 50 comics that caused a furor in the US and sparked legislation to crack down on explicit horror—from the 1940s to the 21st century. Includes names like Steve Niles, Pete Von Sholly, Michael Kaluta, Mike Ploog, Rudy Palais, Rand Holmes, Vincent Locke, Frank Brunner, and many more. Reproduced in black and white for this brand-new collection.

An anthology focusing on newer elements of steampunk, one which deconstructs the staples of the genre and expands on them, rather than simply repeating them, with a greater spread both in terms of location and character. This is steampunk with a modern, post-colonial sensibility. Contributors include: Jeff VanderMeer, Caitlín Kiernan, Mary Robinette Kowal, Jay Lake, Cherie Priest, Cat Rambo, Catherynne M. Valente, Genevieve Valentine and many more.

Presents a collection of horror short stories by such authors as Peter Atkins, Evangeline Walton, Ramsey Campbell, and Alison Littlewood.

For more than 80 years H. P. Lovecraft has inspired writers of horror and supernatural fiction with his dark vision of humankind's insignificant place in a vast, uncaring cosmos. At the time of his death in 1937, Lovecraft was virtually unknown, but from early cult status his readership expanded exponentially; his nightmarish visions laying down roots in the collective imagination of his readers. Now this master of the macabre is accepted as part of the literary mainstream, as an American author of note, and the impact of his work on modern popular culture - in literature, film, television, music, the graphic arts, gaming and theatre - has been profound. As Stephen King wrote in *Danse Macabre*, the shadow of H. P. Lovecraft 'underlies almost all of the important horror fiction that has come since.' Today, Lovecraft's themes of cosmic indifference, the utter insignificance of humankind, minds invaded by the alien, and the horrors of history remain not only viable motifs for modern speculative fiction, but are more relevant than ever as we explore the mysteries of a universe in which our planet is infinitesimal. This outstanding anthology of original stories - from both established award-winning authors and exciting new voices - collects tales of cosmic horror inspired by Lovecraft from authors who do not merely imitate, but reimagine, re-energize, and renew the best of his concepts in ways relevant to today's readers, to create fresh new fiction that explores our modern fears and nightmares. From the depths of R'lyeh to the heights of the Mountains of Madness, some of today's best weird fiction writers traverse terrain created by Lovecraft and create new eldritch geographies to explore . . . With stories by: Laird Barron, Nadia Bulkin, Amanda Downum, Ruthanna Emrys, Richard Gavin, Lois H. Gresh, Lisa L. Hannett, Brian Hodge, Caitlín R. Kiernan, John Langan, Yoon Ha Lee, Usman T. Malik, Helen Marshall, Silvia Moreno, Norman Partridge, W. H. Pugmire, Veronica Schanoes, Michael Shea, John Shirley, Simon Strantzas, Sandra McDonald, Damien Angelica Walters, Don Webb, Michael Wehunt and A.C. Wise Praise for the editor: 'For fans of Lovecraftian fiction and well-wrought horror' - *Library Journal* 'Guran smartly selects stories that evoke the spirit of Lovecraft's work without mimicking its style.' - *Publishers Weekly* 'It's a pretty impressive line-up, with nary a clunker to be found. . . . You don't have to be a Lovecraft fan to enjoy this anthology... You'll find alienation, inhumanity, desperation, cruelty, insanity, hopelessness and despair, all set against the backdrop of a vast, unknowable universe filled with vile, indifferent monstrosities. You'll also find beauty, hope, redemption, and the struggle for survival. What more can you ask for?' - *Tor.com* 'I highly recommend this collection... If you have even the slightest interest in contemporary horror fiction, you'll want to try this one on for size!' - *BookGuide*

Here are 25 stories of science fiction that push the envelope, by the biggest names in an emerging new crop of high-tech futuristic SF - including Charles Stross, Robert Reed, Alastair Reynolds, Peter Hamilton and Neal Asher. High-tech SF has made a significant comeback in the last decade, as bestselling authors successfully blend the super-science of 'hard science fiction' with real characters in an understandable scenario. It is perhaps a reflection of how technologically controlled our world is that readers increasingly look for science fiction that considers the fates of mankind as a result of increasing scientific domination. This anthology brings together the most extreme examples of the new high-tech, far-future science fiction, pushing the limits way beyond normal boundaries. The stories include: "A Perpetual War Fought Within a Cosmic String", "A Weapon That Could Destroy the Universe", "A Machine That Detects Alternate Worlds and Creates a Choice of Christs", "An Immortal Dead Man Sent To The End of the Universe", "Murder in Virtual Reality", "A Spaceship So Large That There is An Entire Planetary System Within It", and "An Analytical Engine At The End of Time", and "Encountering the Untouchable."

Welcome to a landscape of ancient evil . . . with stories by masters of horror Arthur Machen, Algernon Blackwood, H. P. Lovecraft, M. R. James?, Ramsey Campbell, Storm Constantine, Christopher Fowler, Alison Littlewood, Kim Newman, Reggie Oliver?, Michael Marshall Smith, Karl Edward Wagner, and more! The darkness that endures beneath the earth . . . the disquiet that lingers in the woodland surrounding a forgotten path . . . those ancient traditions and practices that still cling to standing stone circles, earthworks, and abandoned buildings; elaborate rituals that invoke elder gods or nature deities; the restless spirits and legendary creatures that remain connected to a place or object, or exist in deep wells and lonely pools of water, waiting to ensnare the unwary traveler . . . These concepts have been the archetypes of horror fiction for decades, but in recent years they have been given a name: Folk Horror. This type of storytelling has existed for more than a century. Authors Arthur Machen, Algernon Blackwood, H. P. Lovecraft, and M. R. James all published fiction that had its roots in the notion of the supernatural being linked to objects or places "left behind." All four writers are represented in this volume with powerful, and hopefully unfamiliar, examples of their work, along with newer exponents of the craft such as Ramsey Campbell, Storm Constantine, Christopher Fowler, Alison Littlewood, Kim Newman, Reggie Oliver, and many others. Illustrated with the atmospheric photography of Michael Marshall Smith, the stories in *The Mammoth Book of Folk Horror* tap into an aspect of folkloric tradition that has long been dormant, but never quite forgotten, while the depiction of these forces as being in some way "natural" in no way detracts from the sense of nameless dread and escalating horror that they inspire . . .

Featuring more than 30 new short stories from the UK's leading crime writers, including Lee Child, Ann Cleeves and Neil Gaiman, this gripping collection embraces the full range of mystery fiction, from noir and hardboiled crime to ingenious puzzles and amateur sleuthing. Original.

Unputdownable short erotic fiction from the most outstanding writers in the field. Once again, Maxim Jakubowski has put together a masterful selection of over 40 stories of sexual encounters from every corner of the world. From both acclaimed writers and exceptional newcomers, this is powerful erotica which explores the full range of human sensual and sexual experience. Praise for previous editions: 'The overall standard is impressively high.' *Desire* 'Few publications will boast as many climaxes.' *Observer*

A full-length anthology of manga tales by some of the genre's most promising young writers features fifteen unabridged new stories and includes contributions by such names as Andi Watson, Craig Conlan, and Michiru Morikawa. Original.

Mammoth Books: From history to manga, true crime to sci-fi, these anthologies feature top-name contributors and award-winning editors.
