But Reiki gives fast relief, perfect for busy people like you and me. First degree practice is easily learned by anyone with the interest. I saw that becoming a Reiki master would empower me to empower my clients to practice Reiki self-treatment (which often invokes a meditative state). So that ' s what I did. It was 1990.

~~Pamela's Story — Reiki, Medicine & Self-Care with Pamela Miles~~

The excerpt is taken from the original handbook of the founder of Reiki, written for Japanese students around the year 1925. The former Usui Reiki Ryoho Gakkai head, the late Mrs. Kimiko Koyama, handed out this copy to her students. With kind permission by Richard Rivard. The following text is for historical documentation only.

This Book Will Show You The Original Hand Positions From Dr.Usui`S Reiki Handbook. It Has Been Illustrated With 100 Photos To Make It Easier To Understand. The Hand Positions For A Great Variety Of Health Complaints Have Been Listed In Detail, Making It A Valuable Reference Work For Anyone Who Practices Reiki.

A journey towards the origins of Reiki as it evolved from Mikao Usui's first inspirations, showing you how it was traditionally taught and practiced in Japan in the mid-thirties of the last century, including many valuable practical applications and cultural background including the traditional Master-disciple relationship, Dr. Hayashi's lectures in the Reiki seminars, natural body cleansing and Byosen (energetic empathy).

An illuminating guide to one of the fastest-growing spiritual healing practices in the world and an essential tool for anyone ready to bring healing into his or her life. Perhaps the gentlest healing therapy in the world, Reiki originated in early twentieth-century Japan. In this indispensable guide to Reiki, one of the foremost experts traces the origin and development of the practice, detailing how and why it restores and renews the human body in ways we've only begun to understand. A pioneer in bringing Reiki into mainstream medical practice, Miles draws on her unique background to explain how this therapeutic technique, which involves a gentle laying on of the hands, complements conventional medical treatments and can hasten recovery from invasive surgical procedures, as well as ease the symptoms of cancer, insomnia, depression, anxiety, and other

conditions. With compassion, wisdom, and the accumulated experience that comes from nearly twenty years as a Reiki practitioner, Pamela Miles empowers readers by showing how simple it is to take.

Reiki is an ancient and profoundly simple system of “laying on of hands” healing derived from Tibetan Buddhism. In the West, Reiki has been kept highly secret for many years. ESSENTIAL REIKI presents full information on all three degrees of this healing system, most of it in print for the first time. Teaching from the perspective that Reiki healing belongs to all people, Diane Stein breaks new ground in her classic guide to this ancient practice. While no book can replace the directly received Reiki “attunements,” ESSENTIAL REIKI provides everything else that the healer, practitioner, and teacher of this system needs.

Rediscovered documents on the origins and developments of the Reiki system, as well as new aspects of the Reiki energy.

Reiki master Diane Stein (author of Essential Reiki, 300,000 copies sold) distills more than 25 years of experience as a hands-on healer, guiding readers seeking a deeper level of knowledge through the three degrees of healing. Includes practical information for aspiring professionals on how to set up a reiki practice. Illustrated with black-and-white drawings.

This is Reiki delivers what it promises. This is the very first book that contains all available knowledge about origins and history of traditional Reiki. Designed as a reference manual for teachers and trainers, it presents at the same time a comprehensive and practical introduction into Reiki. In spite of all changes on the surface, Reiki has preserved its original clarity. Extensive investigations shed light on the life of those who made Reiki into what it is today. Previously unknown details about the life of Reiki founder Usui and his successors are being presented, verified by original documents; furthermore, a new translation of the Usui memorial stone, numerous photographs and descriptions of historic places and new material about the cultural and spiritual roots of Reiki.

The definitive text on Reiki-for students, practitioners, and Masters alike-from one of the most respected Reiki teachers today. Reiki is a holistic system for balancing, healing, and harmonizing all aspects of the person-body, mind, emotions, and spirit-encouraging deep relaxation and the release of stress and tension, and promoting awareness and spiritual growth. This comprehensive manual provides much-needed support for students and teachers who want to follow the best practices. Covering Reiki levels 1, 2, and 3, this book conveys information in an accessible, structured, and interactive way to enhance the reader's understanding, knowledge, and experience of the practice. The final section of the manual contains reference material specifically for students who wish to become professional practitioners, and for Masters who want to broaden their training. This section also offers the foundation for additional courses or workshops on topics such as health and safety and managing a successful practice. The Reiki Manual can be used: as student preparation before a Reiki class; as a textbook during Reiki courses; as post-course reading, or for reviewing what has already been learned (it includes revision questions and revision activities); by Reiki practitioners to help them practice in the best, most professional way; and by Reiki Masters as a guide to devise and deliver a Reiki course. More extensive than any other Reiki book on the market, The Reiki Manual will be referred to by lay readers as well as devoted students for many years to come!
