Dec 1, 2012 - CHOCOLATE CRACK This recipe I found in a book Called " Apple Turnover Murder " by Joanne Fluke

From the acclaimed author of A Bridge Across the Ocean and The Last Year of the War comes a new novel set in Philadelphia during the Spanish flu epidemic of 1918, which tells the story of a family reborn through loss and love. In 1918, Philadelphia was a city teeming with promise. Even as its young men went off to fight in the Great War, there were opportunities for a fresh start on its cobblestone streets. Into this bustling town, came Pauline Bright and her husband, filled with hope that they could now give their three daughters--Evelyn, Maggie, and Willa--a chance at a better life. But just months after they arrive, the Spanish Flu reaches the shores of America. As the pandemic claims more than twelve thousand victims in their adopted city, they find their lives left with a world that looks nothing like the one they knew. But even as they lose loved ones, they take in a baby orphaned by the disease who becomes their single source of hope. Amidst the tragedy and challenges, they learn what they cannot live without--and what they are willing to do about it. As Bright as Heaven is the compelling story of a mother and her daughters who find themselves in a harsh world not of their making, which will either crush their resolve to survive or purify it.

This much-needed book pinpoints the typical problems abused children experience when they become adults. The information is presented in a friendly and thorough manner for victims and professionals.

"Divakaruni is a brilliant storyteller; she illuminates the world with her artistry; and shakes the reader with her love." --Junot Diaz Late afternoon sun sneaks through the windows of a passport and visa office in an unnamed American city. Most customers and even most office workers have come and gone, but nine people remain. A punky teenager with an unexpected gift. An upper-class Caucasian couple whose relationship is disintegrating. A young Muslim-American man struggling with the fallout of 9/11. A graduate student haunted by a question about love. An African-American ex-soldier searching for redemption. A Chinese grandmother with a secret past. And two visa office workers on the verge of an adulterous affair. When an earthquake rips through the afternoon lull, trapping these nine characters together, their focus first jolts to their collective struggle to survive. There's little food. The office begins to flood. Then, at a moment when the psychological and emotional stress seems nearly too much for them to bear, the young graduate student suggests that each tell a personal tale, "one amazing thing" from their lives, which they have never told anyone before. And as their surprising stories of romance, marriage, family, political upheaval, and self-discovery unfold against the urgency of their life-or-death circumstances, the novel proves the transcendent power of stories and the meaningfulness of human expression itself. From Chitra Divakaruni, author of such finely wrought, bestselling novels as *Sister of My Heart*, *The Palace of Illusions*, and *The Mistress of Spices*, comes her most compelling and transporting story to date. *One Amazing Thing* is a passionate creation about survival--and about the reasons to survive. Praise for *One Amazing Thing* "The plot of Chitra Banerjee Divakaruni's new novel could be ripped from the horrifying headlines about Haiti in a strange case of art imitating life. ...*One Amazing Thing*, which was written well before the Haiti earthquake, is receiving high praise." --USA Today "The appeal of these life stories, like that of Chaucer's *Canterbury Tales*, is that they throw the spotlight onto varied lives, each with its own joys and miseries. Together, the stories show how easy it is to divert young lives into unforeseen and restrictive channels, and how hard it is for people to realize their early dreams. Their shared experiences and fears form the frame that holds together this compendium of short stories into an absorbing novel. ...At the end of her novel, her readers are fully engaged in what will happen to those nine people." --Washington Post "Hauntingly beautiful. ...*One Amazing Thing* is a page-turner with high drama, elegant writing, and lots of helpful tips for teamwork in a crisis." --Houston Chronicle "Her fiction is so intimate that it often seems as if cultural context is irrelevant. Her character's dreams and disappointments are paramount... The karmic energy of *One Amazing Thing* revolves around Divakaruni's gifts as a novelist." --Seattle Times "Masterful storyteller Chitra Banerjee Divakaruni examines such stories in an apropos novel for our times. Her suspenseful tale of nine souls who suddenly don't know if they will live or die is a tribute -- on many levels -- to hope and survival. But it is also, most successfully, a ringing rebuke to rushes to judgment. It's an adult, literary version of *The Breakfast Club*, with dire circumstances. 'Hell is other people,' Uma thinks as she looks at one of her fellow distraught victims. But redemption can be other people, too, Uma and the others soon understand. One more amazing thing we've learned from Divakaruni." --Miami Herald "Divakaruni portrays in beautiful prose, haunting characters, and a luminously and ominously developed plot, the universal and individual qualities of the search for meaning in life, as well as the search's timelessness. We see the parallel as soon as Uma does: as in *The Canterbury Tales*, where Chaucer's characters are pilgrims to a holy site, the visa applicants are also pilgrims, on their way to India. Divakaruni is a beautiful writer, using words as lithely and effortlessly as breathing, and while she breathes, she sings." --Huffington Post "*One Amazing Thing* collapses the walls dividing characters and cultures; what endures is a chorus of voices in one single room." --Jhumpa Lahiri, author of *Interpreter of Maladies* and *The Namesake* "I was up very late. I read straight through because this is the sort of book that pulls you along. Divakaruni is so adept with her characterizations...I wanted to be in any of the beauty salons described so lovingly. I wanted to eat the bits of food described with such delicacy." --Louise Erdrich, author of *Love Medicine* and *A Plague of Doves*, from her blog at [birchbarkbooks.com](http://birchbarkbooks.com) "Ingeniously conceived and intelligently written, this novel is a fable for our time. The characters, troubled or shattered by their past, vibrate with life whenever they begin to speak. The book is a fun read from the first page to the last." --Ha Jin, author of *A Free Life* and the National Book Award-winning *Waiting* "Chitra Divakaruni understands the power of stories to heal us, make us laugh, and comfort us in the most difficult of circumstances. *One Amazing Thing* is one powerful and beautifully written book. I loved it, and I'm sure that readers everywhere will embrace it too." --Lisa See, author of *Shanghai Girls* Praise for Chitra Divakaruni "[Her] sentences dazzle; the images she creates are masterful." --The Los Angeles Times "Divakaruni beautifully blends the chills of reality with the rich imaginings of fairy tale." --The Wall Street Journal "Authentic and complex . . . Sophisticated and compassionate . . . Moving . . . [It is] a vision of what it means to be human, and in that resonance lies this collection's triumph." --The Washington Post "Divakaruni's stories will touch everyone who reads them . . . It is her gift of language and her ability to cast sentences of exquisite beauty that make her such a high-performance writer." --USA Today
